GST may Improve Compliance, Raise Tax Receipts: Moody's

Our Bureau

New Delhi: Moody's has said that Rajya Sabha's approval to the constitutional amendment bill paves the way for the implementation of the GST, and is a positive development for India's credit rating.

"The GST will have a positive impact on growth and tax revenues over the medium term, supporting the sovereign's credit profile," Moody's said.

"It will remove a key hurdle to the smooth movement of goods and services, and by reducing the tax administration costs of the government and corpora-

tes, it will improve compliance and raise tax receipts," Moody's said in a report titled 'India Credit, Upper House Passage Paves Way for GST Bill Implementation, a Credit Positive'.

The agency said there won't be a short-term impact as effective implementation will take some time.
