Dated : 24th July 2022

Dear Valued Customer,

Greetings from Gateway Distriparks !

May please note that we are observing sluggish movement of rakes in Ahmedabad division due to heavy rains in Gujarat with water flowing on the tracks at many locations, same is resulting into en-route congestion and bunching of rakes, many of our Export rakes are getting stabled en-route towards Mundra port.

Although we are constantly pursuing the competent authorities for smooth running of our rakes however due to the above stated reason the evacuation of imports from Mundra port may get delayed.

Hence would We would request you plan your EXIM containers accordingly as Export vessel cutoffs/connections also might get impacted due to delays in rake reaching the Port.

For any further query please feel free to get in touch, we will be happy to assist you.

Regards,
Customerservice Desk
