

Ref.no. GR/ADV/2018-2019/ALL/05

Dated: 10th Feb'2019

Dear Valued Customer,

Greetings from Gateway Rail!

This is to inform you that we are observing sluggish movement of rakes in all divisions of Rajasthan i.e. Jaipur, Ajmer, Jodhpur & Bikaner division of North Western Railway & Kota Division of West Central Railway due to ongoing Gurjar agitation.

Owing to above stated reason many trains of all container train operators are getting detained/delayed/stabled on these divisions.

We request you kindly plan your supply chain accordingly considering the sluggish movement resulting in overall increase in transit time as well as dwell time.

We thank you for your continuous trust & business support and will be happy to assist you for any further update.

It's our endeavour to keep you posted on any such operational challenges and shall be keeping you posted on further development.

Best Regards,  
Customer Service Desk  
Gateway Rail
